Re: Swearing-in Ceremony of Paid-on-Call Firefighter

GENERAL BACKGROUND:

Matt Joyce is a Paid-On-Call Firefighter with our Village, and he began employment with our Village on January 7th, of 2015. He lives in our Village in the 900 block of Sherwood with his wife and children. His full-time employment is with a large insurance company.

DOCUMENTATION:

Shortly after being hired by the Village, Matt attended a Firefighting Training Academy hosted by the Western Springs Fire Department, and which was attended by Candidate Firefighters from both La Grange Park and Western Springs. He dedicated a great amount of time on both weeknights and weekends for training over several months, by attending classroom sessions, learning and demonstrating practical skills, and participating in live fire exercises.

Following completion of the firefighting academy, he attended an EMT course, which again required several additional months of training and studying.

As such, Matt has now met all of the Fire Department requirements for probation. He is a State of Illinois Certified Firefighter, and also licensed Emergency Medical Technician. He has been trained in all of our fire department operations, and recently completed and passed required testing on the operation of fire department vehicles.

RECOMMENDATION:

We recommend swearing-in of Matt Joyce as a Paid-on-Call Firefighter for the La Grange Park Fire Department.

ACTION REQUESTED:

Swearing-in of Matt Joyce at the Village Board Meeting on November 22, 2016.

RE: Zoning Application No. 2016-06, 320 N. Waiola, Variations

GENERAL BACKGROUND

On September 20, 2016 the Zoning Board of Appeals (ZBA) conducted a public hearing to consider Zoning Application No. 2016-06 filed by John Garofalo for 320 N. Waiola for the following variations:

- From Section 12.4.E.2.d of the Zoning Code to reduce the required rear yard setback for an accessory structure from five feet to 1.93'; and,
- From Section 12.4.E.2.d of the Zoning Code to reduce the required interior side yard setback from three feet to zero feet,

The variations, if granted, would permit the reconstruction and expansion of a one car garage to a one and one half car garage.

The ZBA accepted testimony and evidence into the record. Upon conclusion of the testimony and discussion, the ZBA determined that the application met the standards for variations and recommended that the Village Board approve the zoning application and grant the above noted variations, subject to the following three conditions:

- (1) That the proposed garage be constructed in a manner that eliminates the overlap of eaves between the subject property and the adjacent property to the north.
- (2) That the Village may require, based upon its review of an application for a building permit for the subject property, that the garage be constructed with a fire rated wall or other fire rated materials as determined appropriate by the Director of Fire & Building.
- (3) That the proposed garage maintain a minimum 2.5 foot separation from the outside edge of walls of the existing garage to the North.

MOTION/ACTION REQUESTED

This item is discussion only. If there is consensus by the Village Board, it will be placed on the November 22nd consent agenda for approval.

Motion to Approve an Ordinance Granting Certain Variations for 320 N. Waiola La Grange Park, Illinois (Public Hearing No. 2016-06).

RECOMMENDATION

The ZBA, on a vote of 4 "AYES" and 0 "NAYS" has recommended that the zoning application be approved.

**FINDINGS OF FACT
VILLAGE OF LA GRANGE PARK ZONING BOARD OF APPEALS
VARIATION
320 N. WAIOLA
CASE #2016-06**

WHEREAS, John Garofalo "Applicant" on or about August 4, 2016, filed an application for a Variation in order in order to facilitate the reconstruction and expansion of the existing one-car garage into a 1.5 car garage on property located at 320 N. Waiola, referred to as "Subject Property"; and

WHEREAS, a public hearing was held before the Zoning Board of Appeals of the Village of La Grange Park, Illinois, on September 20, 2016, pursuant to notice and publication as required by law; and

WHEREAS, the public hearing was opened at approximately 7:00 p.m. on September 20, 2016, and pursuant to a unanimous vote of the members of the Zoning Board of Appeals; on September 20, 2016 the public hearing was concluded; and

WHEREAS, with respect to the Application for a Variation, based upon documentary evidence and testimony presented by the Applicant and members of the public, the Zoning Board of Appeals makes the following Summary of Facts, and pursuant to Section 4.4E of the La Grange Park Zoning Code, makes the following Findings of Fact:

SUMMARY OF FACTS

The Subject Property is zoned R-1 Single Family and is legal non-conforming with regard to lot depth. The Subject Property is improved with a two-story single-family home and detached one-car garage. The Subject Property shares a driveway with the adjacent property to the north. The existing detached garage is legal non-conforming with regard to the required interior side yard setback and rear yard setback for detached garages. The Applicant is requesting a variation from Section 12.4.E.2.d of the Zoning Code in order to reconstruct and expand the existing one-car garage into a 1.5 car garage. The existing garage is in disrepair and needs to be replaced. The garage currently has no interior side yard setback as measured from the eaves (3' is required) as the eaves abut the north property line and overlap with the eaves of the garage on the adjacent property. The garage currently has a rear yard setback of approximately 1.93' (5' is required). The driveway serving the garage is attached to the driveway serving the adjacent property to the north (322 N. Waiola). The majority of the useable driveway is located on the adjacent property and there is an easement in place which allows the Applicant to use the full width of the driveway. The detached garage on the adjacent property sits flush with the Applicants garage. Adjacent to the existing garage to the south are two large trees that the Applicant would like to preserve.

FINDINGS OF FACT

- 1. The strict application of the terms of this Zoning Code will result in undue hardship unless the specific relief requested is granted.**

The majority of the driveway serving the Subject Property is located on the adjacent property to

the north (322 N. Waiola). Currently, the detached garages serving the two properties sit flush, allowing for a clear line of sight when backing out of the garages and also facilitating the use of the driveway on the Subject Property immediately in front of the garage (to the east) to park a vehicle. If the Applicant is required to relocate the garage in order to meet the required setbacks, the Applicants garage will be located approximately three feet in front of the neighbor's garage. This would eliminate the ability to park a vehicle on the Applicant's driveway and also create line of sight issues when backing out of the respective garages. Moving the garage to the south would make maneuvering in and out of the garage difficult due to the sharp angle of the driveway. Forcing the relocation of the garage on the Subject Property would also have detrimental aesthetic impacts as the garages would no longer be aligned. Strict application of the code would prevent the Applicant from using his driveway in a reasonable manner and would create safety issues for both properties.

2. The plight of the owner is due to unique circumstances inherent to the Subject Property and not from the personal situation of the owner.

The Subject Property is legal non-conforming with regard to lot depth. The lot is 117' deep, 8' shorter than required by the Zoning Code. This fact, in conjunction with the shared driveway, limits the ability of the Applicant to park vehicles on the subject property. Requiring the Applicant to further reduce his driveway length in order to meet the required setbacks would significantly reduce the usability of the driveway. The Subject Property also has two large trees that the Applicant would like to preserve, making it difficult to relocate the garage further south on the property. These circumstances are unique to the Subject Property and were not created by the Applicant.

3. The variation, if granted, will not alter the essential character of the locality.

The proposed variation would not alter the character of the neighborhood as it preserves existing setbacks. The proposed 1 ½ garage is not inconsistent with other homes in the neighborhood which have detached one and two car garages.

Regarding the request for a Variation, the Zoning Board of Appeals voted as follows:

AYES: Bartholomai, Lampert, Lee, Studwell

NAYS: None

ABSENT: Boyd, Domagalski, Griffin

1 CHAIRMAN LAMPERT: We'll move on to the next
2 item, which is a public hearing for an application
3 for a variation. I'll read in our notice for the
4 record.

5 "Notice is hereby given that on
6 September 20, 2016 a public hearing
7 will be held before the Zoning Board
8 of Appeals for La Grange Park,
9 Illinois at the village hall at
10 447 North Catherine Avenue at
11 7:00 p.m. or soon thereafter for the
12 purpose of considering an application
13 for a zoning variation on property
14 zoned as R-1, Residential District,
15 located at 320 North Waiola Avenue,
16 La Grange Park, Illinois, and legally
17 described as -- "

18 And we'll let that stand in the record.

19 "The petitioner is requesting the
20 variation to reduce the required
21 interior side yard and rear yard
22 setbacks for an attached garage in
23 order to construct a new garage in
24 the same location as the existing

1 garage. The application for zoning
2 variation and description of the
3 proposed use are available for
4 examination during normal office
5 hours at La Grange Park Village Hall,
6 447 North Catherine Avenue, La Grange
7 Park, Illinois. All persons
8 interested in providing testimony at
9 the hearing are welcome to do so."

10 With that, we'll have anybody that is
11 interested in providing testimony, including the
12 applicant, we'd like you to be sworn in before you
13 begin your presentation.

14 (Whereupon the witness was duly
15 sworn.)

16 CHAIRMAN LAMPERT: Thank you very much.

17 Good evening.

18 JOHN GAROFALO,

19 having been first duly sworn testified as follows:

20 MR. GAROFALO: The reason I requested the
21 variation is I have a shared driveway with my
22 neighbor, who is here.

23 MR. LEE: State your name and address.

24 CHAIRMAN LAMPERT: Excuse me. I'm sorry.

1 Can you please state your name and address?

2 THE WITNESS: John Garofalo. I live at
3 320 North Waiola.

4 CHAIRMAN LAMPERT: Thank you.

5 MR GAROFALO: So because of the unique situation
6 of the shared driveway, it would be difficult to have
7 to move the garage forward the approximately five
8 feet we would have to.

9 Currently, our garages are flush; the
10 fronts are flush. So if one is up close or if one is
11 up further than the other, it might make it a little
12 difficult for us to use that shared driveway. The
13 driveway itself is pretty short. I have a ten-foot
14 by ten-foot section in front of my garage that is
15 mine and the rest is a shared driveway. So having to
16 move it approximately five feet forward would make it
17 very difficult to park a car without blocking that
18 shared driveway with that space.

19 So that's the main reason for requesting
20 this variation.

21 CHAIRMAN LAMPERT: Thank you very much. If
22 anything, we'll start with -- Does your neighbor need
23 to speak at all or make a comment? Is there
24 anything -- I know he's not part of the --

1 MR GAROFALO: Yeah. She doesn't wish to come
2 forward and speak about that, but she has told me
3 that she is in agreement. She definitely would
4 prefer that the garage be placed in the current
5 location and not moved forward.

6 CHAIRMAN LAMPERT: Okay.

7 MR. LEE: I assume this is the neighbor to the
8 north?

9 MR GAROFALO: Correct.

10 CHAIRMAN LAMPERT: All right. Great. Thank you
11 very much. Please take a seat.

12 With that, I guess we'll take a look here
13 and start the discussion here if no one else is going
14 to be providing testimony.

15 We'll start with you over on the end there,
16 Mr. Lee.

17 MR. LEE: Only one question, probably more for
18 staff. What are the options for restoring a garage
19 when it's currently legal non-conforming? Obviously
20 this is butted up against two different property
21 lines, garage is in disrepair; what are the options
22 that the owner has?

23 MS. RODMAN: Well, I think it depends on the
24 condition of the garage in terms of what -- to what

1 extent the garage is structurally sound or unsound
2 and what would be required to improve it. That --
3 The specific circumstances of the garage and the
4 ability to restore it, I can't speak to, but I think
5 the applicant might be able to speak to.

6 MR GAROFALO: So, currently, they did -- the
7 previous owners -- I just moved there two months ago.
8 So the previous owners had put a new roof and put
9 some new boards on there. The walls and boards are
10 rotting. The back of the garage is pushed out. I
11 guess a car must have hit it and pushed it out.
12 There is about six inches of asphalt that was poured
13 on top of the concrete floor, and there was no
14 electricity in the garage.

15 So there's a lot of things I think would
16 make it difficult to try to repair versus just
17 tearing it down and starting from scratch.

18 MS. RODMAN: I guess I'll add then based on his
19 description of the garage, it sounds like the
20 majority of the structure would have to come down in
21 order to repair it; and based on the legal
22 non-conforming standards in the village code, if
23 you're going to rebuild more than 50 percent of the
24 structure, you have to bring it into compliance with

1 the village code. So it sounds like --

2 MR. LEE: That answers my question.

3 MS. RODMAN: -- that would be the case here and
4 it would have to come in compliance in terms of the
5 locations.

6 MR. LEE: I don't have any other questions,
7 Mr. Chairman.

8 CHAIRMAN LAMPERT: Thank you, Mr. Lee.

9 Mr. Studwell?

10 MR. STUDWELL: What is the minimum requirement
11 for getting somebody into a space like between the
12 garages? Right now, I think that the walls are just
13 over two feet apart. Can you get somebody in there
14 with rescue equipment?

15 MR. MAGGOS: It would be difficult, but two feet
16 we can wedge ourself in there. I don't know if we'd
17 want to.

18 MR. STUDWELL: How about if it was two and a
19 half feet I guess is my next question. I mean, what
20 would be the minimum?

21 MR. MAGGOS: Sure. Outside of the zoning code,
22 which I think requires a three-foot setback from the
23 eave, if I remember correctly, which was not designed
24 necessarily for rescue but probably fire spread and

1 just people being able to walk back and forth to
2 utilize the property or get behind the garage. I'm
3 only estimating two and a half feet is fine. I'm
4 not --

5 MR. STUDWELL: I would think so if you had
6 equipment.

7 MR. MAGGOS: If we had to go around the side of
8 the garage -- I'm trying to think what circumstances
9 would warrant that. Maybe a power line down, maybe
10 somebody crashes through their garage, we could go
11 around the other way also.

12 MR. STUDWELL: Somebody falls down and is
13 trapped back there or something like that. That's
14 what I'm worried about is access to that area quickly
15 by somebody from a rescue perspective.

16 MR. MAGGOS: Two feet is tight, but I think it
17 would work. You know, 18 inches is I think what they
18 use for a standard for seating in, like, bleachers.
19 So I think a little bigger like two feet, someone
20 could squeeze through there. It's not ideal.

21 If they're trapped that bad, we'll probably
22 disassemble the garage to get them straightened out.
23 I don't know if we'd just pull them out. I don't
24 know if that's what you're asking.

1 MR. STUDWELL: Also, with this being torn down,
2 he has to put in foundation down to 42 inches; is
3 that correct?

4 MR. MAGGOS: Not for a slab. I think it's
5 20 inches on the perimeter; 20 inches or 22,
6 something like that.

7 MR. STUDWELL: The perimeter being so --

8 MR. MAGGOS: Right around where the bearing
9 walls are. I don't think he has to go to a full
10 foundation.

11 MR. STUDWELL: He doesn't have to go down to a
12 full foundation. All right.

13 MR. MAGGOS: It would be like a footing.

14 MR. STUDWELL: I think that's about it for right
15 now. Thank you.

16 CHAIRMAN LAMPERT: Mr. Bartholomai, any comments
17 or questions?

18 MR. BARTHOLOMAI: Yeah. I did have a question
19 for the applicant. I think a picture would have done
20 a lot for me. I looked at the plan and I was trying
21 to read the verbiage, understanding.

22 So two separate structures really close
23 together. Are the eaves actually touching? It was a
24 staff recommendation item in that regard that I

1 didn't quite understand.

2 MR GAROFALO: The eaves are not touching. It's
3 an interesting system. Her roof, the water would
4 drain on to my roof, into my gutter, and go down past
5 her property. So I'm not sure how this was designed.
6 We were talking about that. We're not sure how
7 someone came up with that. They are pretty close,
8 but I guess we share a gutter.

9 MR. BARTHOLOMAI: That explains the illuminating
10 overlap.

11 MR. STUDWELL: They're at elevations. The roofs
12 are at different elevations and one is overlapping.

13 MR. BARTHOLOMAI: Thank you. That was my only
14 question.

15 CHAIRMAN LAMPERT: Thank you. Actually, I had a
16 question for staff. Chief, regarding the other staff
17 recommendation on the paint or the safety -- Let's
18 see here -- the file wall. That's right. Sorry.
19 Can you explain that and just understand what that's
20 going to entail? Is it just a material upgrade from
21 a standard drywall?

22 MR. MAGGOS: Yeah. Most garages don't require
23 drywall in the interior. In this case, we'd probably
24 require drywall and some type of drywall or something

1 on the exterior even if you put siding on. And
2 Possibly so many feet, maybe the standard of what the
3 variation is if he didn't drywall the ceiling, maybe
4 that would be fire resistant wood, something like
5 that. That's what I think we've done in the past.
6 I'd have to go back.

7 There's no particular standard because it
8 is a variation, but there are some standards as far
9 as what provides a one-hour rating and we would like
10 at some design standard. It's not ideal in a garage,
11 but it would provide some type of barrier to slow
12 fire spread possibly. I don't even know if he would
13 be able to get an eave on at that side. It would be
14 very minimal, but would look at that wood also there.

15 MS. RODMAN: Perhaps the applicant would like to
16 speak to that because we did briefly talk about that.

17 I believe you talked to your architect or
18 your contractor about the eave?

19 MR GAROFALO: Yeah. I have not picked a builder
20 yet. I was talking to a couple different builders to
21 see my options. They mentioned there are shorter
22 eave options. Instead of a foot eave, they could
23 maybe do a half-foot eave. But we didn't get into
24 any specifics, and I have not designed any garage or

1 picked anything out yet.

2 CHAIRMAN LAMPERT: And that shorter eave is
3 going to accommodate that first staff recommendation
4 in our packet?

5 MR. MAGGOS: Yeah. And our concern was just the
6 neighboring garage. Let's say they had the fire and
7 it wasn't this gentleman's fire, that eave overhang
8 would propagate the fire a lot quicker. It's still
9 going to be close, it's still going to be tight; but
10 the eave overhanging would be more of a concern
11 because the flames would hit that.

12 MR. STUDWELL: The other alternative is they
13 could pitch the roof, you know, 90 degrees from where
14 this is.

15 CHAIRMAN LAMPERT: East west instead of north
16 south? Got it.

17 Well, thank you very much for your time.

18 Are there any other last comments or
19 thoughts?

20 Then I think we'll make a motion -- If I
21 can have a motion to close the public hearing.

22 MR. STUDWELL: So moved.

23 CHAIRMAN LAMPERT: Second?

24 MR. LEE: Second.

1 CHAIRMAN LAMPERT: Can I just have a vote then
2 to close the public meeting? Mr. Bartholomai --

3 MS. KEATING: Hearing.

4 CHAIRMAN LAMPERT: Sorry. Hearing. Close the
5 public hearing.

6 MS. RODMAN: Didn't you just close the public
7 hearing?

8 CHAIRMAN LAMPERT: I moved and seconded.

9 MS. RODMAN: Oh, I'm sorry.

10 CHAIRMAN LAMPERT: Let's have a vote on the
11 table to close the public hearing.

12 (A voice vote was taken.)

13 CHAIRMAN LAMPERT: Thank you very much,
14 everybody.

Village Board Agenda Memo

Date: October 31, 2016

To: President & Board of Trustees

From: Dean J. Maggos, Director of Fire, Building and Emergency Management
Julia Cedillo, Village Manager

RE: Cook County Health Inspections

GENERAL BACKGROUND:

Our current Intergovernmental Agreement with the Cook County Department of Public Health expires on November 30, 2016. The Department of Public Health has provided health inspection services to the Village of La Grange Park since April of 2001, and the system overall has continued to work very well.

The overall content of the new agreement would remain unchanged, including the fees charged for inspections. The current fee is set at \$100.00 per inspection, and was implemented in 2014, after remaining the same since 2002. As a reminder, the Village invoices the individual facilities for the required inspections, and for any follow-up inspections which are needed that we may be charged for.

ACTION REQUESTED:

Discussion – Approve Resolution to continue Agreement for Health Inspections with Cook County Department of Public Health.

Motion: To approve the resolution to allow the Village Manager to execute a Certain Agreement with the Cook County Department of Public Health for health inspection services, effective December 1, 2016, and continuing through November 30, 2017.

RECOMMENDATION:

Staff recommends entering into another contract with the Cook County Department of Public Health for health inspection services, effective December 1, 2016, and continuing through November 30, 2017.

DOCUMENTATION:

POST-ISSUANCE TAX COMPLIANCE REPORT

To: President and Board of Trustees of the Village of LaGrange Park, Cook County, Illinois

Pursuant to my responsibilities as the Compliance Officer as set forth in a Bond Record Keeping Policy (the “*Policy*”) adopted by the President and Board of Trustees (the “*Corporate Authorities*”) of the Village of LaGrange Park, Cook County, Illinois (the “*Village*”), I have prepared a report reviewing the Village’s contracts and records to determine whether the Tax Advantaged Obligations (as defined in the Policy), comply with the applicable federal tax requirements. In accordance with the proceedings and agreements under which the Tax Advantaged Obligations were issued, the Village has covenanted generally to take all action necessary to comply with the applicable federal tax rules and regulations relating to the Tax Advantaged Obligations, including covenants necessary to preserve the excludability of interest on the Tax Advantaged Obligations from gross income for federal income taxation purposes. The following sets forth a summary demonstrating the Village’s compliance with such covenants and expectations.

(a) *Records.* I have in my possession all of the records required under the Policy.

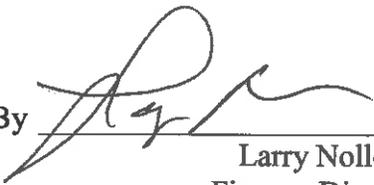

(b) *Arbitrage Rebate Liability.* I have reviewed the agreements of the Village with respect to each issue of the Tax Advantaged Obligations. At this time, the Village does not have any rebate liability to the U.S. Treasury.

(c) *Contract Review.* I have reviewed copies of all contracts and agreements of the Village, including any leases, with respect to the use of any property owned by the Village and acquired, constructed or otherwise financed or refinanced with the proceeds of the Tax Advantaged Obligations and other records. At this time, each issue of the Tax Advantaged Obligations complies with the federal tax requirements applicable to such issue, including restrictions on private business use, private payments and private loans.

(d) *IRS Examinations or Inquiries.* The Internal Revenue Service (the "IRS") has not commenced an examination of any issue of the Tax Advantaged Obligations. The IRS has not requested a response to a compliance check, questionnaire or other inquiry.

Based upon the foregoing, I believe that the Village is currently in compliance with the applicable tax law requirements and no further action is necessary at this time. This report will be entered into the records of the Village and made available to all members of the Corporate Authorities at the next regular meeting thereof.

Respectfully submitted this 31st day of October, 2016.

Honorable Dr. James Discipio, Village President

La Grange Park, Illinois 60526

RE: Tax Levy Request from the La Grange Park Police Pension Fund

Dear President Discipio:

As you are aware, Sections 3-125 and 3-127 of the Illinois Pension Code provide that the Village of La Grange Park shall annually levy a tax to meet the annual actuarial requirements of the police pension fund (40 ILCS 5/3-125 & 3-127).

Foster & Foster, an independent actuary jointly hired by the Police Pension Fund and the Village, has provided a recommended municipal contribution of \$844,299 to meet the annual requirements of the fund as provided in Sections 3-125 and 3-127. This is an increase of 3.9% over the prior year's amount of \$812,453.

In light of its fiduciary obligation to the Police Pension Fund to ensure that funding remains available to meet the actuarial requirements of the Fund, the Police Pension Fund Board voted unanimously at its October 24, 2016 meeting to request that the Village Board levy the Foster & Foster actuarially determined and recommended contribution of \$844,299.

Enclosed is the Foster & Foster actuarial report, which was presented to the Village Board at its Work Session on September 13th, along with the Municipal Compliance Report and the Fund's current Investment Policy Statement as required by Illinois statute.

If you have any questions regarding the Pension Board's request, please let us know.

Sincerely,

La Grange Park Police Pension Fund

- **Preservation of Capital** -To minimize the probability of loss of principal over the investment time horizon. Emphasis is placed on minimizing return volatility rather than maximizing total return.

- **Long-Term Growth of Capital** -To emphasize long-term growth of principal while avoiding excessive risk. Short-term volatility will be tolerated in as much as it is consistent with the volatility of a comparable market index.

DEFINITION OF RISK

It believes that any person or organization involved in the process of managing the Village of LaGrange Park Police Pension Fund assets understands how it defines risk so that the assets are managed in a manner consistent with the Fund's objectives and investment strategy as defined in this statement of investment policy. The Board defines risk as:

- The probability of losing money over any time period.
- The probability of losing money over the Fund's investment time horizon.
- The probability of not maintaining purchasing power over the Fund's investment time horizon.
- The probability of not meeting the Fund's investment objectives.
- The probability of not meeting the Fund's liabilities or cash flow requirements.
- The probability that the investment returns of the Fund's assets fail to meet or exceed the return of the specified investment goals.
- High volatility (fluctuation) of investment returns.
- The possibility of surprises (upside or downside) in investment returns.

VOLATILITY OF RETURNS

The Board of Trustees understands that in order to achieve its objectives for Fund assets, the Fund will experience fluctuations of market value.

LIQUIDITY

To minimize the possibility of a loss occasioned by the sale of a security forced by the need to meet a required payment, the Board will periodically provide the Investment Advisor and Investment Management Consultant with an estimate of expected net cash flow. The Board will notify the Investment Advisor and the Investment Management Consultant in a timely manner, to allow sufficient time to build up the necessary liquid reserves.

MARKETABILITY OF ASSETS

The Board requires that all of Fund assets be invested in liquid securities, defined as securities that can be transacted quickly and efficiently for the Fund, with minimal impact on market price.

Re: **2016 Property Tax Levy**

PURPOSE

Approve the 2016 Village property tax levy and annual bond abatement ordinances

GENERAL BACKGROUND

The Village's annual property tax levy is restricted by the Illinois Property Tax Extension Limitation Law (PTELL). The PTELL limits the amount the Village may increase the aggregate levy each year to the lesser of 5% or the change in the Consumer Price Index (CPI). The term aggregate levy is specifically defined by the Truth in Taxation law to include the corporate and special purpose levies and excludes levies for debt service. For the 2016 levy, the PTELL CPI change is 0.7% and is therefore the limiting factor.

The PTELL allows the Village to collect additional taxes on new property value. Over the past 10 years, the value of new property has ranged between 0.04% and 0.64% of the Village's total equalized assessed value (EAV). We will not know the actual amount of new value until well after the Village's tax levy ordinance is due to the County. As such, an estimated increase of 2% of EAV has been incorporated into the levy calculation to ensure all potential new value is included. The County will reduce the Village's actual extension to the amount allowed under the PTELL.

Last month, the Village Board approved an estimated aggregate levy for 2016 of \$3,541,043 which is 2.78% above the 2015 extension of \$3,445,422. The increase is less than 5%, therefore a public hearing is not required by the Truth in Taxation Law.

The Village's 2016 property tax levy will also include a debt service amount for the 2016 road and fire bonds approved by referendum. The bond levy will not be part of the Village's annual levy ordinance because the annual amounts were included in the bond ordinance already filed with the County. For the 2016 levy, the debt service amount is \$1,243,076.

For a resident with a home valued at \$350,000, the projected impact of the total estimated levy is an increase of \$375. A chart with the estimated impact for additional home values is attached.

Unless directed otherwise, the County Clerk will add 3% to the Village's levy to offset uncollectable taxes. As has been done in the past, the 2016 levy ordinance reduces the loss factor to 2% based on the Village's collection history. This additional amount does not increase the total aggregate levy allowed under the PTELL, nor does it apply to the bond levy. For bond levies, the County Clerk applies a 5% loss factor to ensure a sufficient amount will be collected to pay the full required amount to the bond holders.

Three ordinances are attached to this memo. The first ordinance authorizes the County Clerk to extend the Village's 2016 property tax levy. The second ordinance provides the County Clerk direction on how to reduce the Village's 2016 property tax levy in the likely event that the aggregate levy exceeds the PTELL allowed amount. As in the past, the Village is directing the County Clerk to apply any reduction due to PTELL to the corporate (general) levy. This ensures the special purpose amounts, such as for the police pension, will be fully levied.

The third ordinance is to abate the property tax levy for the 2014 sewer refunding bonds. These bonds were originally issued in 2006 for sewer infrastructure projects. While the Village pays for the bonds with sewer fee revenue, the bonds are also backed by an annual property tax levy included in the bond ordinance. This provides protection to the bondholders, thereby lowering the borrowing cost for the Village. The Village must direct the County Clerk to abate this property tax each year or the bond levy will be extended.

STAFF RECOMMENDATION

Staff recommends the Village Board approve the three ordinances at the November 22nd Board meeting.

Village Board Agenda Memo

Date: November 17, 2016
To: Village Board of Trustees
From: Jim Discipio, Village President
RE: **Notice of Annual Schedule of Regular Meetings**

GENERAL BACKGROUND:

State Statute¹ requires public bodies to provide notice of scheduled meetings prior to the start of each calendar year. Staff put together a list of proposed dates for the 2017 calendar year that continues the Village Board's established meeting schedule of a Work Session on the second Tuesday and a regular Village Board meeting on the fourth Tuesday of each month. One exception to this pattern is the month of December where there is one combined meeting, a Village Board Meeting scheduled for December 12, 2017 (see attached proposed Annual Schedule of Regular Meetings for 2017).

At the November 8th meeting, the Village Board discussed further modifications to the proposed schedule. Discussion arose about eliminating the July 11th Work Session and including discussion and action on items for the July 25th Board Meeting. This small modification will allow for preparation for the Village's Anniversary Celebration on July 15th at Memorial Park. As a result of the discussion, the proposed schedule for 2017 has been modified accordingly and is attached for your consideration.

ACTION REQUESTED:

This item is for discussion and action at the November 22nd Board Meeting.
