Deanne explained the progress each of the committees made and the projects that they had chosen. The Historical Committee will have 5 activities: time capsule, walking tours, website, exhibit, Library Series. The Art Committee would like to do a mosaic art project at Memorial Park. They will need to work with an artist and the Park District Board to accomplish this. The Birthday Party will have activities all day ranging from performances on the amphitheater stage, to crafts, to inflatables. Based on the proposed activities, the group gave suggestions of people they knew that could help with specific activities and also made suggestions on how the groups should execute their projects.
