BACKGROUND INFORMATION

The Village of La Grange Park (13,579) is an affluent bedroom community, known for its historic homes and tree lined streets. With easy access to I-290, I-294, I-55 and the nearby Metra commuter rail station, residents have the entire Chicago metro area at their fingertips. The community offers a diverse range of housing options from \$100,000 condominiums to \$1 million dollar homes, including three senior living facilities. Recognized as one of the most stable housing markets in the country, in recent years the Village has seen a record amount of reinvestment in the community through home additions, renovations and new home construction. The Village has also seen an influx of new residents. Young families are drawn to the award winning public and private schools that serve the community, as well as the ample recreational opportunities available through the Community Park District and Cook County Forest Preserve.

The Village does not have a “traditional” downtown and instead is served by an approximate 180,000 SF shopping center known as “The Village Market” located east of La Grange Road. The Village Market consists of multiple parcels that are separated by Village right-of-way (streets) and property owned by the Community Park District of La Grange Park (Memorial Park). The Village’s Comprehensive Plan designates Memorial Park as permanent open space for both passive and recreational uses and as such, the Village has no desire for commercial or residential redevelopment of the property.

The Village Market property has a variety of tenants, which include grocers, banks, medical facilities, fitness services, restaurants, and specialty stores. Currently, the Village Market has both vacant tenant space and vacant land. The Village Market is managed by a local real estate management company but is owned by an out-of-state institutional investment firm. Adjacent to the Village Market property is a large, multi-building apartment complex commonly referred to as the Homestead Apartments.

The 31st Street corridor is made up of a variety of small commercial and residential uses, including gas stations, antique stores, services facilities (beauty salons, dog grooming, etc.), convenience stores, banks, child care facilities and other retail services, along with both single-family and multi-family residential. The majority of the commercial uses are “mom and pop” businesses whose proprietors are local residents. The Village generally divides the corridor into three primary commercial areas: 31st Street East (along Maple Avenue north of 31st Street), 31st Street West (along La Grange Road north and south of 31st Street and one block east), and 31st Street Central (north and south of 31st Street between Homestead and Blanchan).

The Barnsdale corridor is made up primarily of light manufacturing and warehouse and distribution uses. The majority of the businesses located here are national or international in scope. The Community Park District Recreational Center and recreational fields are also located along this corridor. Immediately to the east of the IHB railroad tracks is a vacant parcel commonly referred to as the former Praxair property.

The Village of La Grange Park is a non-home rule community that has never utilized Tax Increment Financing. The Village would like to utilize TIF to provide funds for public infrastructure and government financial incentives to private developers to stimulate investment in areas which have difficulty attracting development. It is expected that one, if not all, of the subject areas will meet the criteria for a “conservation” or “blighted” area.
