

Memorandum

To: Julia Cedillo, Village Manager
From: Chief Rompa 
Subject: Police Department Summary of Activities for December 2015
Date: January 19, 2016

In addition to the attached statistical summaries, the following items are being reported to apprise the Village President and Board of Trustees on current Police Department operations for December of 2015:

- The grand total(s) of 211 criminal incidents were reported to the LaGrange Park Police Department during 2015. In 2014, there were 237 crimes reported. This represents a 12 % decrease from the previous year.
- Total traffic enforcement increased by 10% in 2015, with 6742 total citations issued, compared to 6083 during the year of 2014.
- Overall police activity during 2015 decreased by 17% for the year, with 6002 total incidents compared to 7058 during 2014.
- The total number(s) of cases involving juvenile offenders or contacts for 2015 were 54 incidents. This is compared to 66 in 2014; this represents a decrease of 22%.
- The Police Department was involved with a variety of new programs in 2015 (ie. Coffee with the Chief, Shop with a Cop, Door Hanger Awareness, NARCAN, Walk & Talk, etc). In 2016, Coffee with an Officer will be the first "new" program to start the year on Thursday, February 25 at 630pm in the Board Room located at the Village Hall Building.

Please contact me if you have any questions or need any additional information.

La Grange Park Police Department

Public Safety Bulletin #290 - 2015.0108

Welcome to the La Grange Park Police Department Public Safety Bulletin.

Bulletin Update:

Driving in Snow and Ice

The best advice for driving in bad winter weather is not to drive at all, if you can avoid it.

Don't go out until the snow plows and sanding trucks have had a chance to do their work, and allow yourself extra time to reach your destination.

If you must drive in snowy conditions, make sure your car is prepared, and that you know how to handle road conditions.

It's helpful to practice winter driving techniques in a snowy, open parking lot, so you're familiar with how your car handles. Consult your owner's manual for tips specific to your vehicle.

Driving safely on icy roads

1. Decrease your speed and leave yourself plenty of room to stop. You should allow at least three times more space than usual between you and the car in front of you.
2. Brake gently to avoid skidding. If your wheels start to lock up, ease off the brake.
3. Turn on your lights to increase your visibility to other motorists.
4. Keep your lights and windshield clean.
5. Use low gears to keep traction, especially on hills.
6. Don't use cruise control or overdrive on icy roads.
7. Be especially careful on bridges, overpasses and infrequently traveled roads, which will freeze first. Even at temperatures above freezing, if the conditions are wet, you might encounter ice in shady areas or on exposed roadways like bridges.
8. Don't pass snow plows and salt trucks. The drivers have limited visibility, and you're likely to find the road in front of them worse than the road behind.

9. Don't assume your vehicle can handle all conditions. Even four-wheel and front-wheel drive vehicles can encounter trouble on winter roads.

If your rear wheels skid...

1. Take your foot off the accelerator.
2. Steer in the direction you want the front wheels to go. If your rear wheels are sliding left, steer left. If they're sliding right, steer right.
3. If your rear wheels start sliding the other way as you recover, ease the steering wheel toward that side. You might have to steer left and right a few times to get your vehicle completely under control.
4. If you have standard brakes, pump them gently.
5. If you have anti-lock brakes (ABS), do not pump the brakes. Apply steady pressure to the brakes. You will feel the brakes pulse - this is normal.

If your front wheels skid...

1. Take your foot off the gas and shift to neutral, but don't try to steer immediately.
2. As the wheels skid sideways, they will slow the vehicle and traction will return. As it does, steer in the direction you want to go. Then put the transmission in "drive" or release the clutch, and accelerate gently.

If you get stuck...

1. Do not spin your wheels. This will only dig you in deeper.
2. Turn your wheels from side to side a few times to push snow out of the way.
3. Use a light touch on the gas, to ease your car out.
4. Use a shovel to clear snow away from the wheels and the underside of the car.
5. Pour sand, kitty litter, gravel or salt in the path of the wheels, to help get traction.
6. Try rocking the vehicle. (Check your owner's manual first - it can damage the transmission on some vehicles.) Shift from forward to reverse, and back again. Each time you're in gear, give a light touch on the gas until the vehicle gets going.

SAFEWISE, a security firm based in Utah, annually updates its rankings of the 100 safest cities in America with populations over 10,000 and 50 safest cities by state with populations over 5,000. Rankings are based on the most recent FBI Crime Reports statistics and population data. We are very proud to report that the Village of LaGrange Park was one of only seven Illinois municipalities to make both ranking lists - 15th in the State of Illinois and 85th Nationally.

We would like to express our thanks to the residents and police officers for their efforts and diligence in making LaGrange Park a safe and happy place to live.

The entire listing for the States of Illinois can be found at:
